Date: July 5, 2022
To: Academy Students, Visitors and Staff
From: Michael Manning, Director of IT & Facilities
Re: **Academy Campus COVID-19 Policy**

The Academy recognizes that County Health Orders throughout the Region specific to the COVID Pandemic, continue to change and evolve on an almost daily basis. In an ongoing effort to safeguard our community, The Academy requires all staff, students, contractors and visitors to adhere to the following requirements while on campus or attending Consortium courses.

DO NOT COME TO CAMPUS IF YOU ARE SICK. It is crucial that no staff or students come to the Academy who are experiencing ANY flu-like symptoms whatsoever. ***Staff, visitors, or students who exhibit any symptoms will be sent home immediately.***

REPORT POSITIVE COVID-19 CASES OR EXPOSURES. Report all positive COVID-19 positive cases and exposure involving staff, students and visitors immediately.

PRACTICE SOCIAL DISTANCING. All students, visitors, contractors and staff are recommended to maintain a social minimum distance of 6 feet from others to further limit the potential for exposure while on the campus.

WEAR A FACE MASK. All students, visitors, contractors, and Academy staff are recommended to wear a face mask that covers the mouth and nose while on campus.

- Avoid touching your eyes, nose, and mouth.
- Wash your hands and/or use an alcohol-based hand sanitizer frequently. Hand sanitizer dispensers are available mounted on the walls near building entrances and classrooms throughout the campus.

STAY INFORMED. Additional resources regarding COVID-19 and the prevention of infection can be found at <https://www.cdc.gov/coronavirus/>

COMMUNICATION. Students will receive specific instructions during the reservation and/or registration process to ensure compliance with COVID Policies and Protocols. Should you have additional questions or concerns, please contact the Course or Program Coordinator directly.

Academy JPA Member Colleges - Individual COVID Policies

The Academy's member colleges have outlined and implemented their own policy specific to student enrollment and access to their campuses to minimize exposure and transmission of the COVID Virus. Please use the following links for more information on college specific policies and services:
