

To register, visit tritechtraining.com or contact our Training Director Phil Sanfilippo at 800.438.7884 ext. 1025 or by email at phil@tritechusa.com.

Courses are presented in partnership with the International Association for Identification.

ADA / Special Accomodations

To ensure we can accommodate persons with special needs who wish to attend our courses, please be sure to identify the accommodation needed when you register, or if applicable, at the time you register by phone.

Host a course

By hosting one of our courses, you will be providing your agency's personnel and the forensic professionals in your area with a high-quality training opportunity, right in your local area. This means less cost to you or your agency for expenses such as travel, lodging, and meals, and less time away from home and family. Plus, hosts can qualify for tuition savings. For more information, visit tritechtraining.com.

ABOUT TRITECH

A leader in the forensics market, Tri-Tech Forensics provides evidence collection and crime scene investigation products and training to crime labs and crime scene investigators throughout the world. With over 30 years of experience, we are the nation's most proficient developer and manufacturer of forensic kits. We are committed to providing our customers with state-of-the-art forensics products and services at affordable prices. It is our goal, through our research and development program, to continue to develop superior products and training to aid in all aspects of crime scene investigation and crime lab analysis. We know how important our products and training are to the forensics community, from investigation to prosecution. Our mission is the same as our customers – *Identify. Protect. Preserve.*

COURSE DESCRIPTION

Practical Crime Scene Investigations

This 40-hour course is designed combining theory, best practices, and real experiences as an intermediate level for several capacities of 1st Responders: Patrol Officers, Patrol Supervisors, Detectives, Crime Scene Investigators, Arson Investigators and Medicolegal Death Investigators. From the onset of the call for service through case preparation for court, we address the mindset to perform the work, the scene management, tried and proven positive techniques as well as negative experiences with lessons learned. Multiple practical exercises are conducted throughout the course.

Day 1: Crime Scene Response and Management / Sketching / Bloodstain Pattern Recognition

Includes response to the scene, interviewing eyewitnesses, processing the scene, crime scene documentation, and bloodstain pattern recognition and documentation

Day 2: Crime Scene Photo Basics

Includes first responder photography and practical exercises, use of scales and close-up views, and nighttime photography.

Day 3: Multi Agency Scene Responses / Impression Evidence / Shooting Documentation

Includes discussion of experiences in major scenes with multiple agencies coming together to work together, photography documentation, molds and collection of impression evidence and the basics in shooting documentation.

Day 4: Latent Print and DNA Processing

Includes DNA and latent print processing on multiple surfaces and collection, friction ridge skin impression characteristics, and exercises.

Day 5: Documenting the Body / Investigative Report Righting / Case Preparation

Includes examples and discussion with documenting the body as well as scientific information, the do's and don't of investigative report writing as well as the personal and case preparation for court.

COURSE INSTRUCTOR

Andy Kehm, D-ABMDI

Andy had served in the Law Enforcement field for 28 years. He was the Chief Deputy Coroner with the Lehigh County Coroner's Office from August 2014 to June 2019 and had stepped back as a Senior Deputy Coroner until March 2022. Andy was the Patrol Sergeant with the DeSales University Police Department for one year after retiring with twenty-one years of service with the City of Bethlehem Police Department. He served as a Detective/Sergeant assigned to the Criminal Investigations Division and Supervisor of the Forensic Services Unit. Andy has been a Field Training Officer, Emergency Response Team (SWAT) member for ten years, Water Rescue Team member, Criminal Investigator, and a founding member of the City's Crime Scene Unit where he has testified as an expert in Crime Scene Investigations in Northampton County Court, Fingerprint Processing and Identification in Federal Court (3rd Circuit), Northampton County, and Lehigh County Courts, Crime Scene Investigation and Forensic Examination in Northampton County Court and Bloodstain Pattern Analysis in Lehigh County Court. Andy served six years with the U.S. Army Military Police Corps attending the U.S. Army Military Police School, Military K-9 School, and the Military U.S. Customs Inspector School. In the Military, he performed Patrol and Field Operations, Patrol K-9 Handler, and three years working with the U.S. Customs Service in West Germany. Andy has been a Deputy Coroner (part-time) for the Lehigh County Coroner's Office from 1995 to 2014 and is a Diplomate with the American Board of Medicolegal Death Investigators. Andy has graduated from the Allentown Police Academy and attended continuing education courses in the following locations; St Louis University School of Medicine, Miami-Dade Police Training Institute, Mercyhurst College, National Transportation and Safety Board, The Pennsylvania Chiefs of Police Association, Laboratory of Forensic Science, Sirchie Fingerprint Laboratories, Office of Attorney General, Penn State University, and Harrisburg Area Community College for Basic, Advanced and Master Forensic Disciplines and Programs. Andy has presented training and presentations for the Bethlehem Police Department, St. Luke's Hospital, Lehigh County District Attorney's Office, Cedar Crest College, Lehigh Valley College, Lehigh County Coroner's Office, TriTech Forensics, a judge for SkillsUSA and is the Program Manager of the Northeast Forensic Training Center and an Adjunct at Northampton Community College.
